- 27. **Live Project:** Plant identifier using ML & AI
- 28. Making installer / setup
- 29. **Live Project:** File compression software like WinRAR
- 30. **Live Project:** Video downloading software
- 31. Monetizing your software
- 32. **Live Project:** Barcode generator
- 33. Publishing on Microsoft store
- 34. Selling your software in market
- 35. **Live Project:** Custom software project

Advantages

- ✓ Certificate of Achievement
- ✓ Hands-on Practical Training
- ✓ Create Stunning Softwares
- ✓ Reduced Fees
- ✓ 100% Job Assistance
- ✓ Live Training, Q&A Session

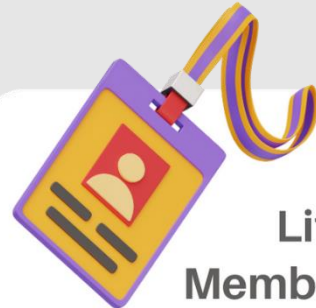

Special Benefits

FREE E-Books

Certification

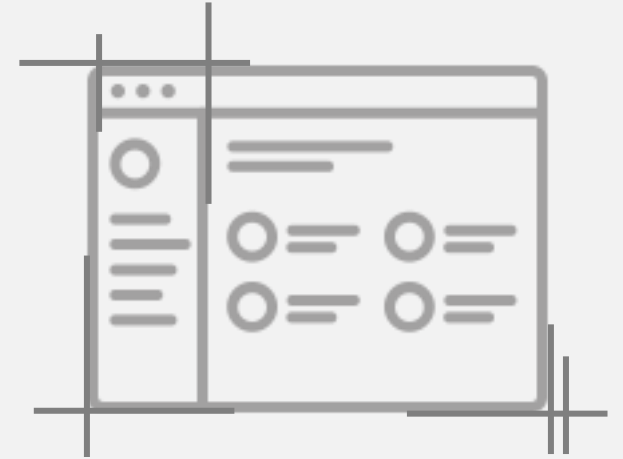

**Lifetime
Membership**

Startup Sessions

Course Details

- **Course Duration:** 5 Month
- **Fees:** ~~₹ 8999/month~~ **₹ 5000/month**
- **Course Covers:** 35 units with 9 live software projects.
- **Who Should Attend:** Students who are interested in this field or anyone who want to make carrier as a Software Developer.
- **Pre Requirement:** Pre knowledge is not required.
we will teach you everything from the basics.
